PROFILE

Enthusiastic and results-driven **Frontend Developer** with a demonstrated track record of transforming design concepts into engaging web experiences. With a passion for clean and efficient code, I bring **2 years 2 months** of hands-on **experience**. Committed to optimizing user interfaces for responsiveness and performance, eager to contribute my skills in crafting exceptional user interfaces while staying abreast of emerging technologies in the dynamic world of frontend development.

EDUCATION

- **Khawaja Moinuddin Chishti Language University** Lucknow, India
● *Bachelor of Computer Application (BCA); GPA: 7.5* July 2018 - June 2021

SKILLS

- **Languages:** JavaScript, HTML, CSS
- **Frameworks:** React.js, Redux, Next.js, React Native, MUI
- **Tools:** Git, Bootstrap, Tailwind, Gatsby
- **Platforms:** Web, Linux, Windows
- **Soft Skills:** Leadership, Event Management, Writing, Public Speaking, Time Management

EXPERIENCE

- **Websultanate Software Technologies Pvt. Ltd.** Lucknow, India
● *Frontend Developer* Feb 2022 - Mar 2024
 - **User Interface Development:** Develop and implement user interfaces for websites and web applications.
 - **Responsive Design:** Create layouts and interfaces that are responsive and work seamlessly across various devices and screen sizes.
 - **Efficient Coding:** Write clean, maintainable, and efficient code using HTML, CSS, and JavaScript (and related frameworks/libraries like React, Next).
 - **Collaboration:** Collaborate with UI/UX designers to bridge the gap between design vision and technical implementation.
 - **Performance Optimization:** Optimize web pages for speed and performance, considering factors like page load times and overall user experience.
 - **Cross-functional Communication:** Communicate effectively with cross-functional teams, including backend developers, designers, and project managers.
 - **Project Management:** Successfully delivered 10+ projects, showcasing adept project management skills and ensuring timely completion.

PROJECTS

- **Betsnext:** Oct 2023 – Mar 2024
 - As the lead frontend developer for BetsNext, I led the transformation of the gaming experience by implementing modern design principles and responsive techniques, ensuring seamless access across devices.
 - Through performance optimization and innovative UI/UX features, I enhanced player engagement and satisfaction, collaborating closely with cross-functional teams to maintain industry standards.
- **Casinosolano:** May 2023 – Oct 2023
 - As the lead frontend developer and designer at CasinoSolano, I achieved notable milestones in transforming the user experience of the platform.
 - Through a strategic redesign, I implemented modern design principles, ensuring a visually appealing and intuitive interface.
 - My focus on responsive design significantly improved accessibility across various devices, while performance optimization techniques enhanced website speed and responsiveness.
- **Referrizer Marketplace:** Aug 2022 – May 2023
 - Played a pivotal role in shaping the digital landscape of Referrizer Marketplace by driving front-end development, API integration, and pursuing pixel-perfect design.
 - Ensured every aspect of the user interface was both functional and visually captivating.
- **Referrizer:** Feb 2022 – Aug 2022
 - The Referrizer website serves as a dynamic platform aimed at enhancing customer engagement and loyalty for businesses.
 - Played a pivotal role as a frontend developer and designer, shaping the visual identity and user experience of the website.
